BRINGING  
POP CULTURE TO  
YOUR KITCHEN  
By Ruth Kinane

FUN IN THE SUN

HGTV's **Scott twins** (*Brother vs. Brother: Jonathan vs. Drew*, Wednesdays, 9 p.m.) share their summer-party musts

BRING YOUR A GAME

"Giant Jenga is our favorite," says Drew. "To make your own: Cut 2'x4' studs into 10 half-inch pieces and sand them down."

WOW YOUR FOLLOWERS

Make a DIY photo booth with a hanging sheet and props. "Throw on a life preserver and captain's hat," says Drew.

FLOAT ON

BYO inner tubes and giant swans! "Use them in the ocean or pool, then later as lounge furniture," says Jonathan.

# Ice, Ice (Pops), Baby!

If summertime turns you into the *Wicked Witch of the West*—"I'm melting, I'm melting!"—beat the heat with these frozen treats from the *Cooking Channel*'s resident beach bum **Katie Lee**

**MINTY WATERMELON ICE POPS**

- 4 CUPS CUBED WATERMELON (about 21 oz.), seeds removed
- 1 CUP PREPARED LEMONADE
- ¼ CUP SIMPLE SYRUP
- ¼ CUP LOOSELY PACKED FRESH MINT LEAVES

**MAKES 12** Active time: 5 minutes  
Total time: 8 hours, 5 minutes, including 8 hours of freezing

**METHOD**

Combine all ingredients in a blender, and process until smooth, about 2 minutes. Pour into 12 (3-oz.) ice-pop molds, insert sticks, and freeze until firm, about 8 hours.

**CORN ICE POPS**

- 4 EARS FRESH SWEET CORN, shucked
- 2 CUPS WHOLE MILK
- 1 CUP PLAIN WHOLE-MILK GREEK YOGURT
- 1 CUP AGAVE SYRUP
- ½ TSP. PURE VANILLA EXTRACT
- 1 PINCH OF SEA SALT

**MAKES 15** Active time: 15 minutes  
Total time: 8 hours, 35 minutes, including 8 hours of freezing

**METHOD**

1 Cut kernels off corncobs to measure 2 cups; reserve cobs. Heat milk, corn kernels, and corncobs in a medium saucepan over medium until milk is bubbly, 2 to 3 minutes.

Reduce heat to low, and simmer 20 minutes. Remove from heat, and cool 10 minutes. Discard cobs.

2 Use a slotted spoon to remove about 1 cup of the kernels, and set aside. Place remaining corn-and-milk mixture in a blender; add yogurt, agave syrup, vanilla, and salt. Process until smooth, about 2 minutes. Add reserved corn, and pulse on low speed until coarsely chopped, 3 to 4 times. Pour into 15 (3-oz.) ice-pop molds, insert sticks, and freeze until firm, about 8 hours.

"You can easily make these ahead of time and pack them in a cooler," says the *Beach Bites* host (Thursdays, 10 p.m.). "They're really fun and make guests feel like kids!"
